GARRETT, Frederick James 24 March 1960

Designation	Accident Location	Accident Due to
Guard	Manjimup	Shunting operations

Author's Note:
I have not been able to find any reports relating to the death of Frederick James Garrett other than a registration of death for the Blackwood District (which would cover Manjimup, where he was working) and this is the only registration in 1960 for the surname Garrett. That registration gives his age as 18 and is unlikely to be his.

Frederick Garrett was 18 years of age when he was fatally injured while shunting at Manjimup.
